VI. Additional provisions

a) Boat rental

Rental boats will be offered. Further information can be found at our website from spring 2023. All boat rental at the regatta venue is reserved to the boat rental agencies authorized by the host.

b) World Rowing Rules of Racing

The races shall be rowed according to the World Rowing Rules of Racing and related bye-laws. A rower may compete if he/she attains the age of 27 in 2023.

Age categories

A = minimum age 27 years	F = average age 60 years	K = average age 83 years
B = average age 36 years	G = average age 65 years	L = average age 86 years
C = average age 43 years	H = average age 70 years	M = average age 89 years
D = average age 50 years	I = average age 75 years	
E = average age 55 years	J = average age 80 years	

Within an age category, a sorting by the year of birth is applied equivalent to a World Masters Regatta. The sorting by year of birth will be done at the draw considering all valid entries by the time of the draw. The sorting within an age category will be done backwards from the oldest to the youngest participant. Late entries that will come in after the draw will row in the heat with the youngest participants, not considering their year of birth. If scratches occur, the regatta committee reserves the right to depart from that rule.

Lightweights

For the Masters lightweight events (MLW and MLM), "Rule 22 – Lightweights" und "Bye-Law to Rule 22 – Weighing of Lightweight Rowers" of the World Rowing Rules of Racing applies analogously. Lightweight single scullers may not weigh more than 72.5kg (men/MLM) and 59.0kg (women/MLW). Lightweight rowers shall be weighed wearing only their racing uniform not less than one hour and not more than two hours before their race time.

Coxswains

The minimum weight of the coxswains for all races is 55 kg. Up to 15 kg short weight can be compensated by an additional weight. At the Euro Masters Regatta, coxswains do not have to be weighed before their race but will be randomly checked or selected by the Jury President or a delegate to be weighed immediately after getting out of the boat after their race. If, on inspection immediately after the race, the weight of a coxswain, together with the additional weight that the coxswain is required to carry in the boat during the race, is found to be less than the minimum weight prescribed in these rules, the team shall be excluded from the race.

Coxswains may be of either sex. They shall not be taken into account when determining the minimum age or the minimum average age.

Mixed races

Mixed crews are crews where half of the crew excluding the coxswain shall be women and half shall be men.

Proof of age and accreditation

Each regatta participant must be able to proof his/her age by presentation of an official photo ID (passport, ID card, driver's license). At the regatta office, you will be able to obtain an accreditation to avoid the necessity of carrying the photo ID. The age of the participants will be verified during the regatta. In addition, the identity can be checked at any time during the regatta, especially at the award ceremony.

Clothing

Members of the same crew shall compete wearing uniform clothing. The regulation regarding uniform clothing does not apply for mixed crews on Sunday. Teams may compete with oar blades that are not the same colour within the team.

Race divisions

When the number of entries in an event exceeds the number of available racing lanes, the event will be divided into two or more finals. If an event's age category has one entry only, this crew shall start in the next lower age category.

Substitutes

Crew Changes are possible up to two hours before the start time of the first heat of the respective event at <https://max.m-start.de>. As a maximum, only half of the rowers of a crew may be substituted. Deviation from the World Rowing Rules of Racing: The substitutes do not have to be members of the same club (or, in the case of composite crews, do not have to belong to one of the clubs concerned). A substitute shall not be permitted if the age of the substituting rower would lower the average age of the crew by more than one year or change the age category of that crew.

Withdrawals

If a crew cannot or does not want to start in a race, the crew must withdraw its entry as soon as possible at <https://max.m-start.de>. For fairness reasons for the other crews in this race and for crews who want to participate instead by late entry, the withdrawal should take place until 1pm (CEST) of the day before the race, at the latest two hours before the start time of the first heat of the respective race.

Anti-Doping

It should be noted that doping controls are also possible at Masters regattas. The anti-doping regulations in the World Rowing Rule Book apply.

Health

Each competitor shall be responsible for his or her own health and fitness.

c) Masters Single Trophy "Jutta Deuschl"

For the races marked with * the finals of the Masters Single Trophy will take place on the same day in the evening or on the following days. In order to participate in the Masters Single Trophy, the rowers must have already registered on <https://max.m-start.de> together with the entry for the corresponding single race also for participation in the Masters Single Trophy and have qualified as follows: For the events of the Masters Single Trophy, the six fastest times from the heats of the corresponding events of the same age group will be seeded. The results in the respective lightweight events in the same age group will also be considered for qualification. If lightweights qualify for the

Masters Single Trophy, they will not be weighed for the Trophy race. Rowers can only qualify for these finals in the event of their own age group. The classification will take place two hours after the last heat of the respective race.

If a race consists of only up to seven participants, the preliminary race will be counted directly as the final race of the Masters Single Trophy and the final on the evening or the following day will be omitted. No entry fee will be charged for the final races of the Masters Single Trophy. The award ceremony will take place immediately after each race at the victory pontoon.

The Trophy is named in honour of the former Vice President of Regatta München e.V. and German National Team rower Jutta Deuschl. Jutta was a founding board member of Regatta München e.V. and a passionate and ambitious Masters rower. She was instrumental in shaping the new format of the Euro Masters Regatta. Jutta died of cancer in January 2021 at the age of 47.

In case of violations, an exclusion from the regatta may be considered.

j) Parking

During the entire regatta only drawing vehicles may enter the regatta venue to bring boat trailers in or pick them up. These drawing vehicles as well as all other vehicles have to park at the grandstand parking of the Olympic Regatta Centre. There is a parking fee that applies to all vehicles.

k) Liability
